RELIGIOUS EDUCATION

FOR CHILDREN AND YOUTH

Unitarian Universalist

”

"Education is not the filling of a pail, but the lighting of a fire."

Our Religious Education program is designed to provide opportunities for children and youth to learn, grow, explore and discover about themselves and the world around them.

Through a series of curriculum pillars, children learn and explore a variety of perspectives, ideas and values to assist in their personal faith development.

Our annual curriculum pillars include:

- World Religions
- Peace and Social Justice
- Unitarian Universalism
- Environmental Justice
- Jewish and Christian Heritage
- Mindfulness and Meditation

Stories, activities and discussions are designed to help children and youth explore ideas to help them discern, articulate and live out their highest ideals of how to live in the world.

Our Mission & Values

People's Church is a welcoming and affirming congregation. We strive to create Beloved Community which welcomes Everyone!

Children and youth are vital and valued members of our unique intergenerational community of liberal religious seekers.

We aspire to create a loving atmosphere where all ages can learn, grow and flourish. We encourage questions and foster respect for a wide variety of different ideas and beliefs.

At the heart of our UU religious values is Love. With respect for our differences, we strive to live our lives in right relations, be the best we each can be and work together to make the world a better place for all beings.

The great end in religious instruction is not to stamp our minds irresistibly on the young, but to stir up their own;

Not to make them see with our eyes to but to look inquiringly and steadily with their own;

Not to form an outward regularity but to touch inward springs;

Not to impose religion upon them in the form of arbitrary rules, but to awaken the conscience, the moral discernment;

so that they may discern for themselves what is everlasting, right and good."

~William Ellery Channing
