Giving Thanks for All That Sustains Us:	

For the countless gifts we each have been given, gifts of life and love and sustenance, we bring these small portions, to share in the works of love which none of us can accomplish alone.

Readings:

"You do not need to know precisely what is happening, or exactly where it is all going. What you need is to recognize the possibilities and challenges offered by the present moment, and to embrace them with courage, faith and hope."

— **Thomas Merton**
